

AirTrim

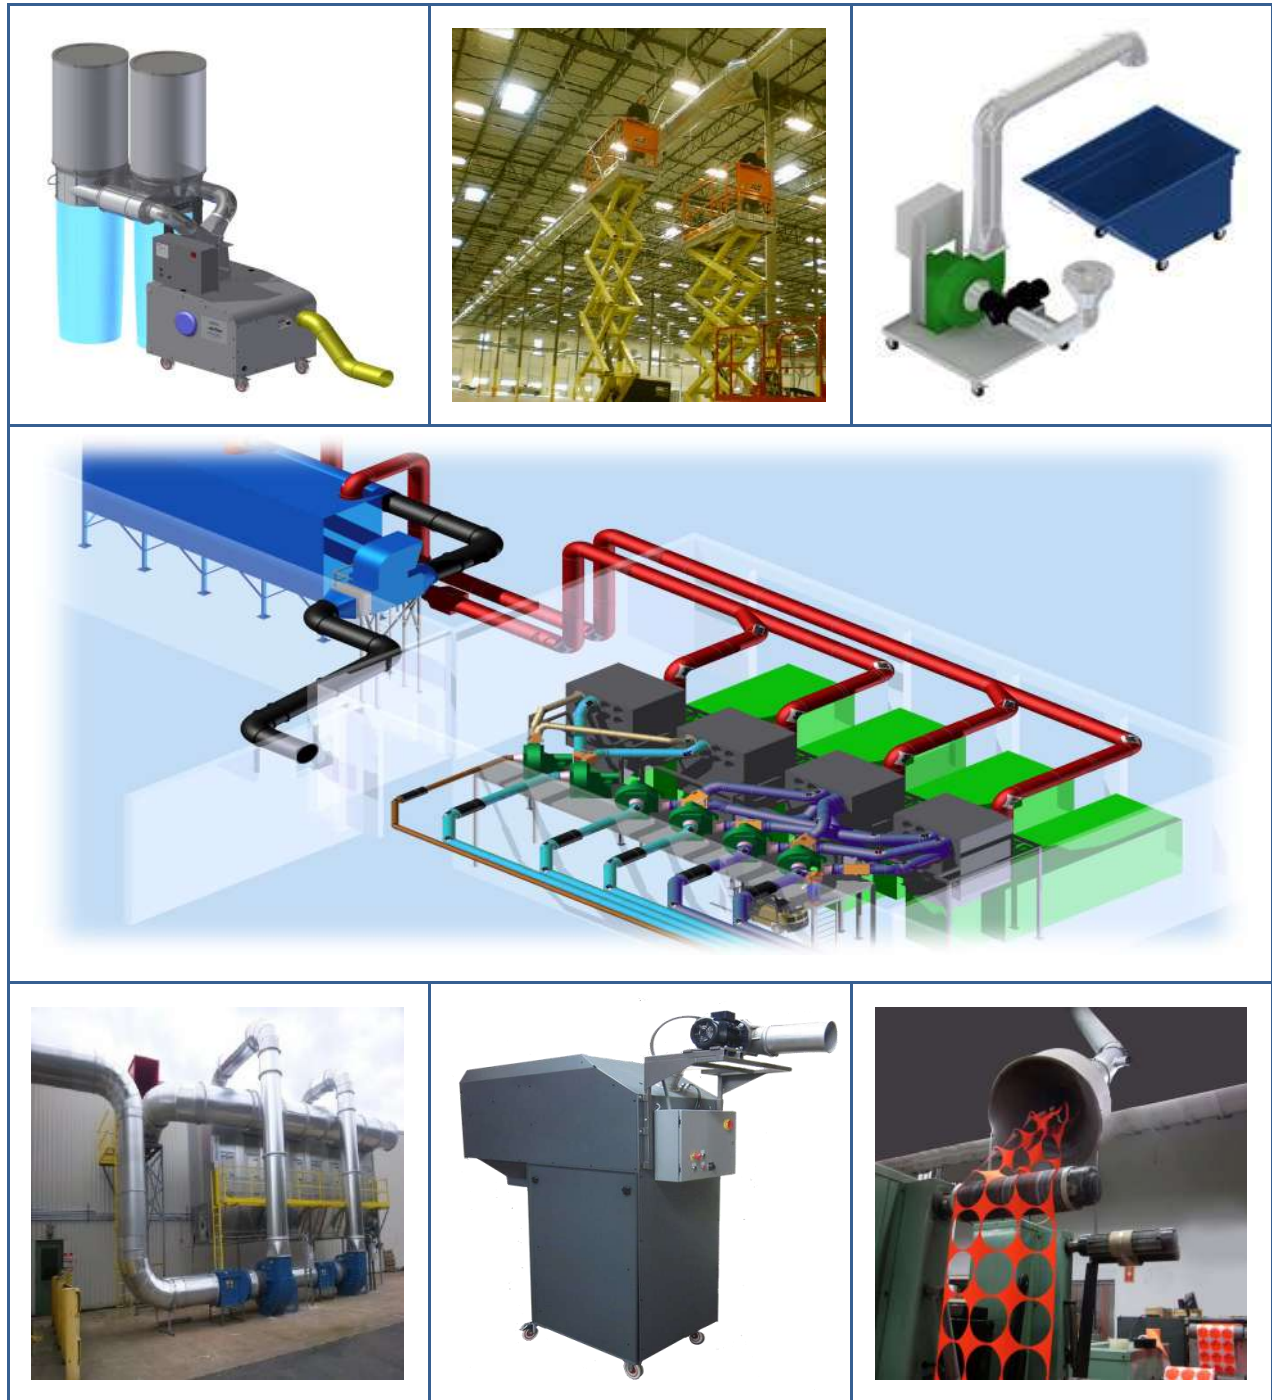

PNEUMATIC CONVEYING SYSTEMS

Since 1989

- ◇ Pouches
- ◇ Paper Mills
- ◇ Fulfillment

- ◇ Labels
- ◇ Film & Foil
- ◇ PSA Materials

- ◇ Tissue
- ◇ Packaging
- ◇ Converting

AirTrim custom designs and fabricates pneumatic conveying systems to move or transport your product or waste component from a source to a desired receptacle. Used in the paper, label, pouch, and film / foil industries for years to convey trims, matrix, and dust.

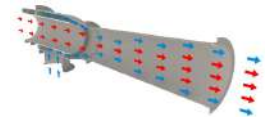

System *solutions* reduce you costs...

Portable 'MITS' Waste Trim Systems

Move-It-Trim-Systems

Energy Saving Venturi™ / Inducer Systems

For pneumatic conveying systems where a continuous stream of material is desired, the field-proven, patented Energy Savings Venturi™ can reduce your energy costs up to 30%.

Cutter - Chopper Systems

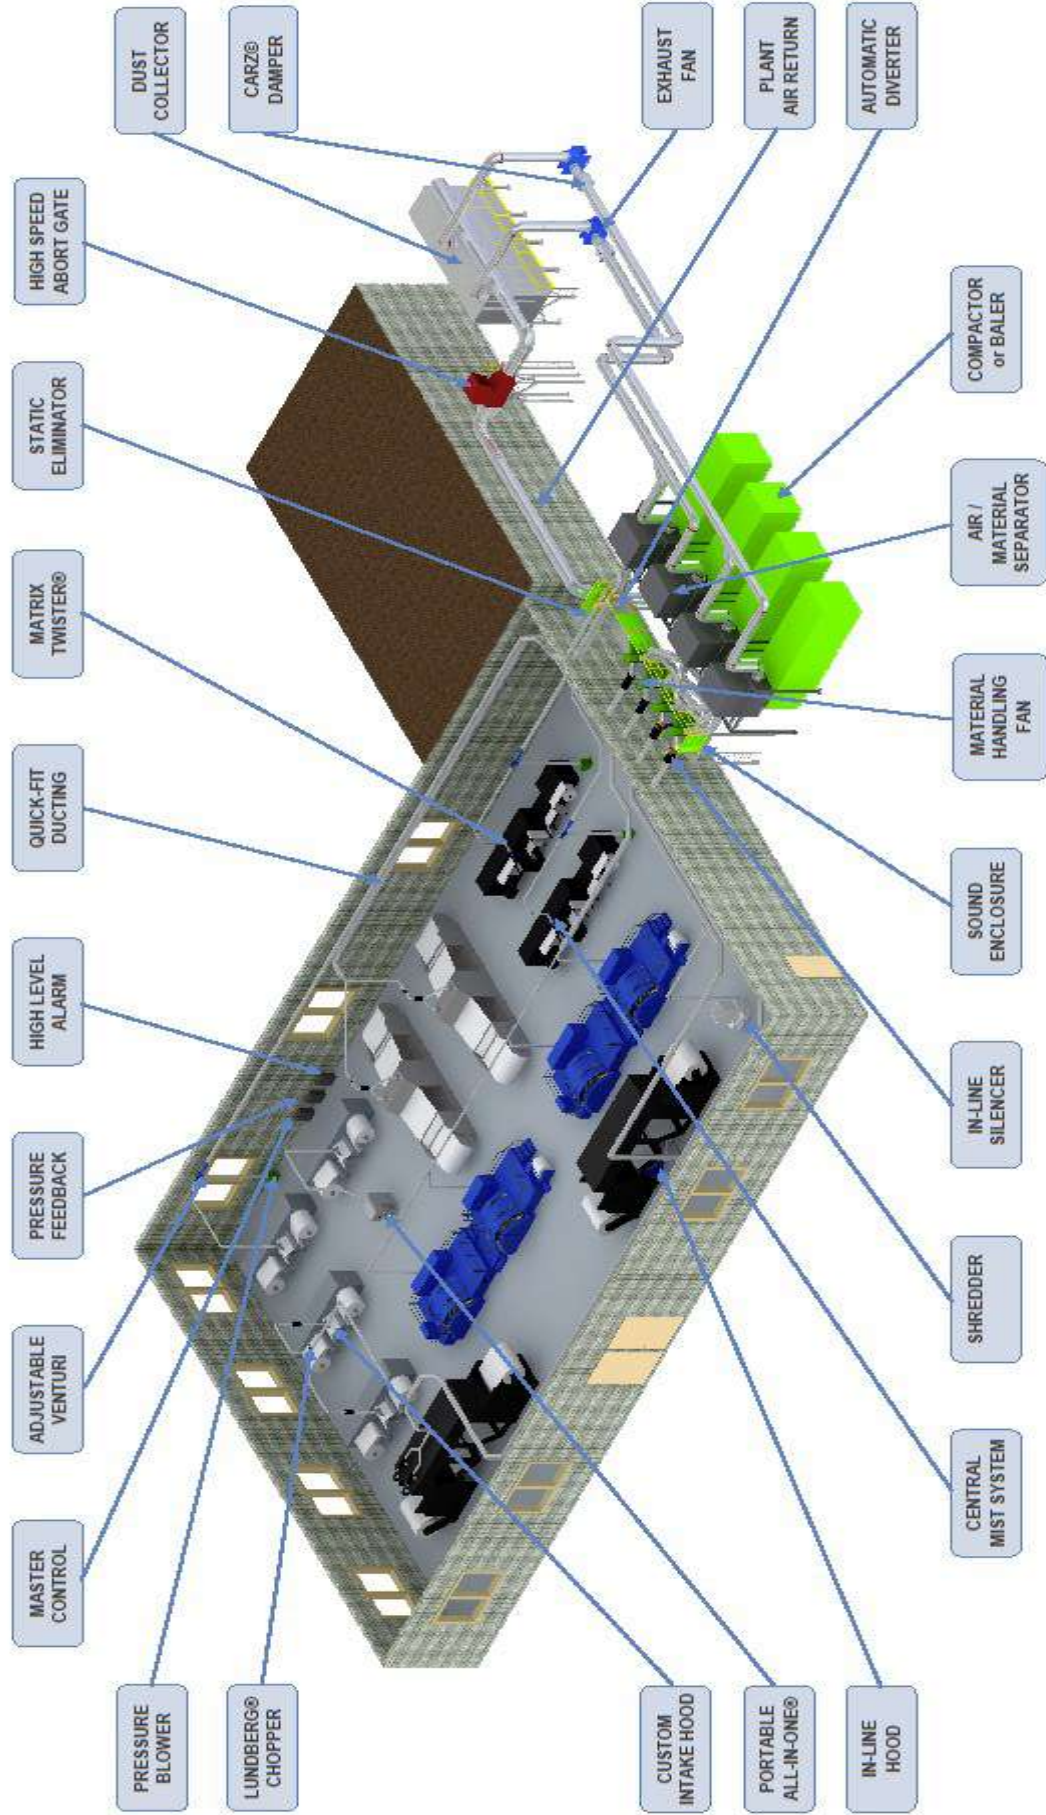

For pneumatic systems requiring granulated / chopped materials, AirTrim has a full line of cutters, granulators, and material handling fans. These have a very high efficiency rate, meaning they can process materials down to 5 mil and handle up to 18K lbs. of waste / hr.

The products / systems are assembled and serviced at our plant in New Carlisle, OH, USA

... and keeps your *production* going

Plant-wide Waste Trim Systems

AirTrim designs, fabricates, and installs everything from complete plant-wide trim removal systems to small, standard in-stock, portable press side waste trim units

Companies worldwide depend on AirTrim systems

PRODUCTS:

- ◇ Anti-stat Mist Systems
- ◇ ArmPro™
- ◇ Auto Flow Controllers
- ◇ Balers
- ◇ Choppers/Cutters
- ◇ Chopping Diverters
- ◇ Compactors
- ◇ Diverter Chutes
- ◇ Ducting
- ◇ Dust Bags
- ◇ Dust Collectors
- ◇ Energy Saving Venturi™
- ◇ Fans / Blowers
- ◇ Matrix Twister™
- ◇ Motor Starters
- ◇ Shredders
- ◇ Silicone Mist Systems
- ◇ Slitter Dust Removal
- ◇ Static Eliminators
- ◇ System Audits

Reduced manpower for waste handling

Reduced maintenance costs

Reduced volume of waste

Increased utilities savings

Increased productivity

Increased up

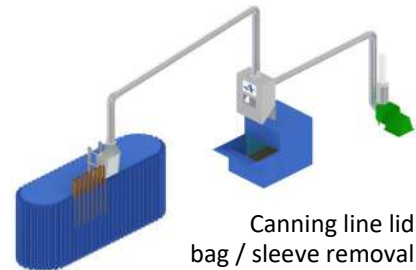

Portable unit for non-stop trim collection

Portable unit for winder edge trim removal

Digital printing dust-free trim removal

Canning line lid bag / sleeve removal

AirTrim has been designing and installing pneumatic material handling systems for decades both Nationally and Internationally.

AirTrim's *patents* for (1) the conveyance of matrix and edge trim and (2) the patented adjustable inducer system correlate into very efficient methods for pneumatic material handling solutions and systems, providing you with more cost effective options in meeting your objectives.
